WHAT MAKES THE TRAVELLER DELIVERY VAN INDIA'S NO.1 CHOICE?

Goods Transport Evolution

- One Tonne Lighter Over Its Competition • Fuel Efficient
- Monocoque Body • Ready To Go From Day 1

The Traveller Delivery Van scores over competition due to its unique offering. The Traveller Delivery Van's rattle-free Monocoque body, easy loading-unloading of cargo, unbeatable economy, excellent durability, negligible maintenance, best-in-class safety, top-of-the-line aesthetics and ergonomics and incomparable reliability – all go to make it the industry's favorite Delivery Van. It's ready for the road from Day 1. Which means - no extra expense, no waiting to have the body ready. Only Product to be available with Both Side Sliding Door Option in addition to Rear 270 degree opening Door. Customers can avail ready finance on the complete vehicle as it is factory-built, saving on money and time.

Ultra Modern Transport Solution

RANGE TO SUIT INDIVIDUAL NEEDS:

DELIVERS ON PERFORMANCE

Engines : Powered by the most Fuel Efficient Engines in its class the 2.2 FM Tech, 2.6 FM Tech & 3.2 FM Tech engines are BS 4 Compliant. Upgradable to BS 5 & BS 6 these engines are derived from Mercedes Designs & adapted to the Indian Road & Usage Conditions

This delivers Best Fuel Economy and Optimum Performance at all times. Highest Power-to-Weight Ratio in its class delivers Great Drivability Experience. Highest Reliability ensures Least Downtime.

Gear Box, Fly Wheel & Rear Axle : Our high performing engines are mated with the best Gear Boxes with Molybdenum coated ground gears. The Cable Shift Gear Box ensures Smooth Car-like Gear shifting. The Rear Axles have been proven over the past 2 decades on Indian roads.

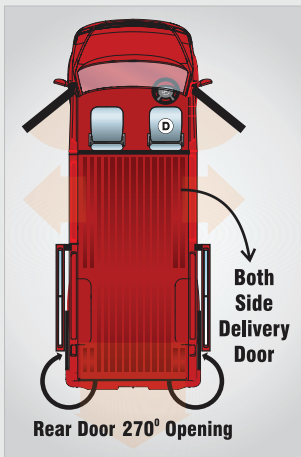

These deliver Highest Durability, Least Driver Fatigue, Highest Reliability, and Least Downtime.

Body :

Factory-built, ready to use from Day 1. One Tonne lighter, Optimized Monocoque Body as compared to chassis-built competition load carriers. Low Centre of Gravity. Lowest Loading and Unloading height.

This unique combination of offerings deliver Best-in-Class Fuel Efficiency, Highest Return on Investment (ROI), Optimum Ride Quality, Least NVH, Least Turnaround Time. No extra expenses on body maintenance.

KEY FEATURES OF TRAVELLER DELIVERY VAN

3 Side Delivery options.

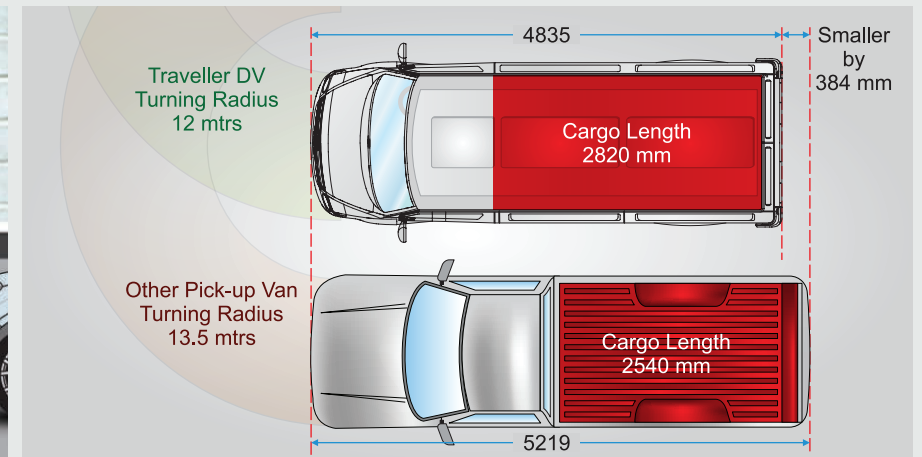

Sliding door (option) for kerb side delivery

DELIVERS ON ECONOMY

It has the Least Kerb Weight in its category and Most Fuel Efficient driveline. It has the Lowest Running and Maintenance Cost as compared to competition, thus providing very attractive Return On Investment.

Economy

DELIVERS ON RELIABILITY & DURABILITY

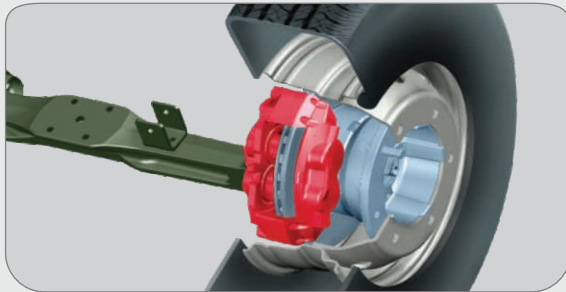

Engines and Driveline derived from Mercedes have the Highest Reliability thus enabling Lowest Downtime and Least Losses due to delayed shipments.

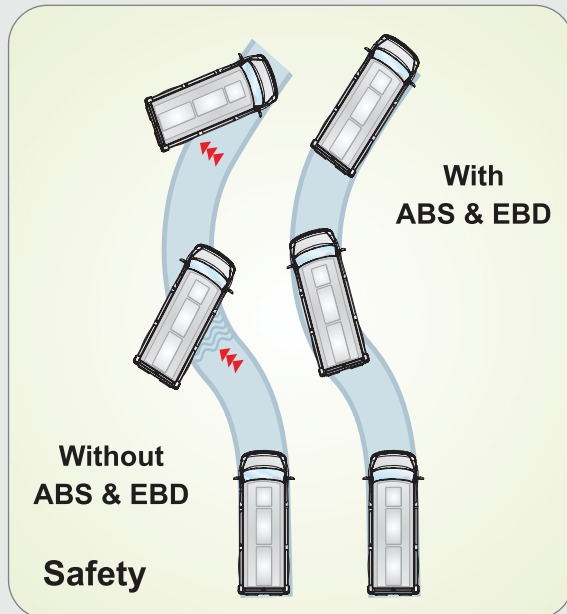

Factory-built body, created with pressed panels fused together in a robotic environment provides Highest Durability and delivers Rattle-Free Performance with Minimal Maintenance. 6th generation CED Dip Painting Process gives best Anti-Rust Protection as compared to chassis-built local delivery vans. A Robotic Top Coat Ensures Car Like Gloss and Even Paint Finish, thus ensuring your vehicle looks the best despite years in operation

DELIVERS ON SAFETY, AESTHETICS & ERGONOMICS

Only Product in its category to have Front Disc Brakes delivering best in class Safety. Disc Brakes ensure least Braking Distances , lowest Brake Pedal Effort and Long Life.

Only product in the category equipped with ABS & EBD as an optional fitment. ABS Prevents Wheel Locking on slippery surfaces and during panic braking. EBD helps in distributing Braking Force on all wheels as per load on each wheel. Typically Ensuring Safety during Steering Maneuvers.

Aesthetics & Ergonomics

Contemporary styling with bigger, Rectangular Head Lamps and Indicators. Robotic Top Coat application ensures a Car-like Paint gloss finish. All driver controls and vehicle access controls are Ergonomically Designed to operate with Least Effort.

Vehicle Tracker* for Added Safety

The Traveller Delivery Van range is adaptable with the option of a "Vehicle Tracking and Surveillance System". This helps in tracking the vehicle using GPS technology. Pressing Panic Button in the event of an emergency, triggers an SMS to a configured mobile number. In the advanced version, the vehicle comes equipped with a camera which can transmit Live Footage to a control room.

Both the solutions are state-of-the-art and are developed exclusively for Force Motors by Map My India, the leading service providers for vehicle navigation and Tracking.

* Optional Fitment

**TRAVELLER DELIVERY VAN WIDER BODY-4020
BIGGEST ON SIZE, BEST ON PERFORMANCE**

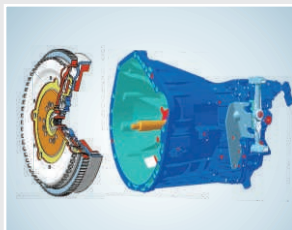

INDIA'S LARGEST MONOCOQUE BODY DELIVERY VAN

LOAD CARRYING CAPACITY -
It has a Payload Capacity of up to 2.5 tonnes and volume capacity up to 17.4 cubic meters.

It is available in options of sliding door in the kerb side and twin leaf 270° opening rear door.

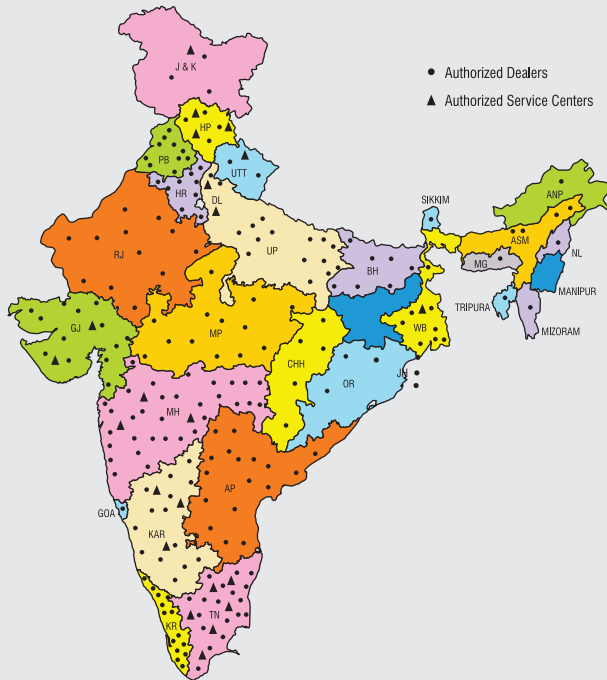

DUAL MASS FLYWHEEL - The only LCV product to have a Dual Mass Flywheel which ensures Easy Engagement, Lesser Downshift of gears and Lesser Power Loss. Available only in modern cars today, this feature takes the driving experience of the Delivery Van to new levels.

ALL WHEEL DISC BRAKES - This is the only product available in its category to have all wheel ventilated disc brakes thus ensuring Least Possible Stopping Distances and brake effort.

Pan India Service and Dealer Network

Force Traveller takes service to another level with a country-wide network of Authorized Dealers and Service Centers. These are fully equipped with company trained technicians, special tools and adequate stocks of reasonably priced spare parts, ensuring the Traveller is in fighting fit condition 24x7. With every niggling problem taken care of, the Traveller makes every delivery hassle-free!
